Enjoy the benefits of studio living

Happy living for the years ahead

Anchor is England's largest not-for-profit provider of housing and care services for people over 55. With a reputation built on over 40 years of experience, we understand that where you live can have a great impact on your quality of life. All our properties are designed to help you lead your life your way and offer security, independence and peace of mind.

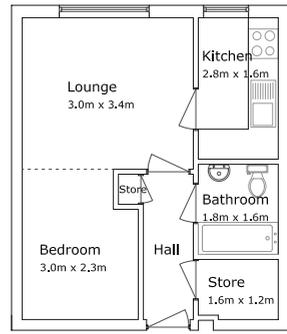

Studio flats are a perfect solution if you are looking for somewhere smaller to live. They are easy to manage and each studio has its own kitchen, spacious bathroom, bedroom/lounge and lots of built-in storage. If you are thinking about moving and downsizing to a smaller property, our studio flats could be the best move you'll ever make.

“My studio is very comfortable, bright and cosy and I find housework much easier now.”

Anchor customer

Typical studio flat layout

Studio living made easy

Room to make friends

All of our properties have communal areas so you can enjoy the shared lounge and garden and many organise social events for all residents.

Plenty of room for guests

If you would like friends or family to stay, most of our properties have a comfortable guest room which can be used for a small charge. All linen is provided.

Extra laundry space

There is also a shared laundry to free up space in your flat and most even have a tumble dryer.

Separate kitchen and bathroom

Anchor studios all have a separate kitchen and bathroom with an entrance hallway.

Great storage space

All our studio properties offer ample storage space which includes a large walk-in cupboard.

A helping hand

All of our flats benefit from a manager who can offer you as little or as much support as you like.

24-hour peace of mind

As with all our properties, our studio flats have a 24-hour emergency call and secure door-entry system.

Easy maintenance

Cleaning can be tiring and take up a lot of your time. Downsizing in your retirement means that you can commit more time to leisure activities without having to worry about lots of cleaning work.

Economical

Studios are inexpensive to rent and cheaper to heat than larger properties.
